Welcome Message

The Asian Pacific Orthodontic Congress (APOC) is an important biennial academic event. As a member of the Asian Pacific Orthodontic Society (APOS), Taiwan is hosting this congress for the second time. It has been 26 years since the last 3rd APOC in 1998. During this period, orthodontic treatment has undergone many important developments, including the application of orthodontic implant technology (TADs), the popularization and refinement of digital 3D images, which in turn led to digital related treatments assisting in orthodontic planning, orthognathic surgery and clear aligners. Numerous academic research publications also increase the prospects and predictability of orthodontic treatment. How lucky we are to be in this era of taking-off and transformation of orthodontic practice.

After experiencing the submersion of Covid-19, we are the first APOC completely out of the epidemic. The theme of this congress is ***Embrace 3C: Connection, Communication & Creation***. Brace is a powerful tool for orthodontists to treat malocclusion. Through this congress platform to connect with the Asia Pacific and the world, we embrace the progress of orthodontic knowledge and constantly pursue perfection; improve the beauty of teamwork through cross-field communication and extend creative digital orthodontics that leads us to unlimited imagination of the future.

We hope that through this event, we can promote the development of various industries, providing a platform for integrating resources and research, actively promoting practical and forward-looking orthodontic research. We believe that this congress will be an excellent opportunity for your company to expand its business territory. We sincerely invite your company to join us and look forward to meeting you in Taiwan!

Sincerely yours,

Ellen Wen-Ching Ko, DDS, MS

Dental Material Vouchers

TAO provides dentists attending the APOC conference with dental material vouchers as a benefit. These vouchers are utilized to promote on-site orders at the exhibition. Dentists holding these material vouchers can offset NT\$500 when ordering products from exhibitors at the venue. After the conference, vendors can apply for reimbursement from TAO based on the total amount of dental material vouchers collected.

As your company is an overseas exhibitor, we will arrange a staff with your company on the last afternoon of the exhibition to collect the dental material vouchers. Payment will be made in cash at a rate of \$15 USD per voucher. We suggest your company provide an invoice in advance (as per the attached template, with the amount left blank). The amount will be filled in and signed on the spot when your personnel receive the cash.

It's important to note that the invoice template provided by your company will only be used for this specific purpose, and the image of the signed invoice will be returned to your company for accounting purposes.

Kindly be reminded that the products you intend to sell at the conference venue should receive permission from TDFA or related authorities in Taiwan in advance.
